CLOTHING ALLOWANCE PAYOUT:

Payout for our locally negotiated \$200.00 clothing allowance, \$100 in the store, and \$100 in our pay should be on everyone's check April 6th. Management received our request and is submitting it to the plant controller for process of payment.

10 NEW JOBS ADDED

With management attempting to cut jobs as they do every year, and the position this leadership has taken trying to make it as difficult as possible, we would like to take a moment to talk about a few success stories. We are proud to say WE all as a UNION stuck together and fought, and as a result won a few of these fights. We successfully got management to add 10 jobs back. Six (6) of these jobs were in Trim and four (4) were in Chassis. GREAT JOB TO EVERYONE. It took us ALL fighting together to accomplish this. Although, there are many more battles ahead, it just goes to show what can happen if we stick together and fight.

TWO (2) DAY RECALL FOR SENIORITY MEMBERS ON INDEFINATE LAYOFF

We would like to welcome back some of our indefinite laid off brothers and sisters. They have returned in the plant for Monday/Friday help . While we know that this is very upsetting to many, it was new language in our 2015 National Agreement that allows for this. As we previously stated at the union meeting, this doesn't stop our fight to getting them back fulltime. We will continue to fight until all our brothers and sisters are back to work fulltime.

FMLA REMINDER

As a reminder, please check with your case worker EVERYTIME you plan on using FMLA—BEFORE you use it. With all the downtime last year, many members do not have the 1250 hours required to be eligible for FMLA. Checking ahead of time can prevent a member from using precious VR time or worse yet, an unexcused absence leading to a DOC 8 violation.

DELEGATE ELECTION REMINDER

A reminder to please come out and exercise your right to vote for our Convention Delegates on Thursday April 12th. This is an important election. Please let your voice be heard.
