

Greetings:

As you are aware, in August of 2017 the UAW took exception to GM's position that certain retirees of Delphi were not eligible for the UAW-FCA-Ford-General Motors Legal Services Plan.

I am happy to report that the parties have agreed that former GM/Delphi workers who are covered under the Benefit Guarantee and/or "checked the box" in the 2006 Special Attrition Program who receive pension benefits under the General Motors Hourly-Rate Employees' Pension Plan are now eligible for benefits under the legal services program. Surviving spouses of these retired workers who receive pension benefits under the General Motors Hourly-Rate Employees' Pension Plan are also eligible. Please note that individuals receiving a deferred vested pension are not eligible.

To open a case with the Plan, members must call 800-482-7700. A Plan representative will check eligibility, explain what coverage is available and will assign an attorney to their case.

Thank you for your patience as we pursued this matter.

This information will be posted to the UAW GM Talks page this Friday Please share with your membership.

Greetings:  
In Solidarity,
