

SHOP UPDATE FEBRUARY 7, 2022

SECOND SHIFT BACK

Welcome back to all the second shift employees.

PROFIT SHARE

This will be paid out on 2/25/22. Employees will be paid out what they are contractually owed. However, the UAW Vice President, Terry Dittes has sent a letter out stating that he is currently meeting with the company to resolve the issue for members who were disadvantaged due to chip allocations to higher profit vehicles.

VACATION PAYOUT

Anyone with unused vacation from 2021 should have been paid out on January 28, 2022.

VACATION EMPLOYMENT/MANPOWER

We are currently in the vacation application period, which will run through February 28, 2022. Currently, managements plan is to use the HCC to sign up for vacations. We have requested through the plant manager that the traditional long forms be purchased and distributed to employees. Anyone who is having issues or has not signed up for the HCC needs to get with their group leaders to either be trained or get the necessary help.

TEMPORARY EMPLOYMENT/MANPOWER

As many of you know with second shift coming back we have re-hired some temporary employees as well as hire some new ones. GM is currently taking applications for temporary employment. Careers.gm.com is the website for anyone who is looking to apply. We have requested a req through the EPS (employee placement system) for seniority employees across the company.

PRODUCTION SCHEDULE

Management has announced daily overtime of 9 hours starting in March and some scheduled Saturdays. Saturdays include March 5 as well as April 2,9,23, and 30. Beginning in April we will be on a MAX OT schedule. We are currently under plan A which is 9 hours daily and 2 Saturdays on and one off.

UPDATE INFO

Please keep your information updated in workday for gm and at the union hall as well.

UNION CALENDAR

The bargaining unit has put out our yearly calendar that has blackout, qualifying, and holidays. There are a few days which are red that are NOT holidays. These are typos. The red days that are CIRCLED are our holidays for this year. Anyone who didn't receive one please let your district rep know.

PARTS SHORTAGE

Over the past week we have experienced parts shortages due to transportation issues. These have not been due to second shift coming back to work.

NEPC

This has been replaced by the EPS which is found on the Socrates page under personal. You can apply for other plants as well as receive notifications of openings at places you request.

63 a & b

Reminder that all paragraph 63 applications have been purged at the end of 2021. Anyone who is wanting to change departments or become a team leader, need to reapply.

JULY SHUTDOWN

Management has notified the shop committee that we will be down for 1 week. The week of July 4 will be the shut-down week. 4 days of Vacation will be applied per the National Agreement. We will resume production the week of July 11th.

In Solidarity,
